While the committee from the Coment form yet it is the town manage feature they are in favor of. The com missioners will be asked to serve without pay and then select a manager probably at \$2,000 to \$2,500 to look ness, the commissioners to work in a nature of an advisory counsel, either to ratify or reject propositions submitted by the town manager.

Mayor Wright thought that the election was being called in too quick a time for the matter to be thoroughly discussed and the people informed as to the merits or the disadvantages of the new form, but as the petition was mandatory, the committee believed that three weeks' time would be sufficient to have the proposition presented in an intelligent manner. One reason for having the election so soon is to have it take effect before the city election in April.

City Attorney Crawford stated that a town manager could not legally be had under the commission form, there being no provision in the law for such an officer. Mr. Crawford contended that the change would be a revolution in the theory of government and would not be as representative as it is now where each ward is represented.

The consensus of opinion of the members of the council seems to be that there are too many "ifs" to be re moved to get the commission form with the town manager feature as nicely as it has been painted. Many remarked that "if" good men were selected for commissioners, "if" they would serve without pay, and so on. But how would it work out

An Old Valentine.

When next in prayer to God above
I bende my knee,
Then, when I pray for those I love,
I pray for thee.

And when the duties of the day Demand of me
To rise and journey on life's way
I work for thee.

For if an eye whose liquid light Gleams like the sea They sing, or tresses brown and bright, They sing of theo.

And if a wearie mood, or sad, Possesses me One thought can all times make me glad, The thought of thee.

And when once more upon my bed, Full wearily, In sweet repose I lay my head, I dream of thee. In short, one only wish I have— To live for thee, Or giadly, if one pang 'tweuld save, I'd die for thee.
